Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits.

Copies of the listed foreign and non-patent literature documents are attached.

Copies of the U.S. patents are not enclosed.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Japanese Patent Publication No. 04-505763 claims priority to the same U.S. application as International Publication No. WO90/15070 and is cited on page 2 of the specification. Japanese Patent Publication No. 10-503841 claims priority to the same

U.S. applications as International Publication No. 95/35505 and is cited on page 3 of the specification. Hayashi, "Maikuromashine to Zairyo Gijutsu (Micro-machine and Material Technology)" is cited on page 14 of the specification.

A European Search Report from a corresponding application is enclosed. This search report cites Tomizawa et al., "Chirp Signal Pulse Compression Subsurface Radar Using a Delay Correlator."

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

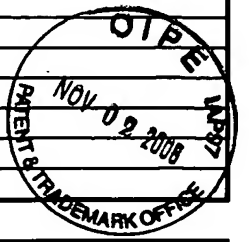

Respectfully submitted,
